

Mr. Ken Salazar
Secretary of the Interior
U.S. Department of the Interior
18th and C Streets, N.W.
Washington, D.C. 20240

December 14, 2009

RE: Sixty-day notice of violation of section 4(b)(3)(A, and B) of the Endangered Species Act, relating to late findings for 140 species.

Dear Secretary Salazar,

This letter serves as a sixty-day notice from the Center for Biological Diversity, Noah Greenwald and other interested parties of intent to sue you pursuant to the Endangered Species Act (“ESA”) for failing to make required findings on 24 petitions requesting listing of 96 species as threatened or endangered and for failing to issue a final rule on listing of 48 Kauai species. 16 U.S.C. § 4(b)(3)(A) and (B). This letter is being provided to you pursuant to the 60-day notice requirement of the citizen suit provision of the ESA. 16 U.S.C. § 1540(g)(2)(C).

In response to a petition to list a species as threatened or endangered, the ESA requires the Secretary to within 90 days determine whether the petition presents substantial scientific or commercial information indicating that the petitioned action may be warranted, within 12 months determine whether listing is warranted, not warranted, or warranted but precluded, and within 12 months of a warranted determination, publish a final rule listing the species or withdrawing the warranted finding. 16 U.S.C. § 1533(b)(3)(A) and (B). Findings on the 24 petitions, including 90-day findings on 12 of the petitions and 12-month findings on 12, are anywhere from three months to over eight years late (Table 1). A proposed rule listing 48 species from the island of Kauai, Hawaii was issued on October 21, 2008 (73 FR 62591) and thus a final rule listing these species was due on October 21, 2009. Accordingly, you are in violation of the law and have abrogated your duty to ensure that protection of endangered species occurs in a timely manner thereby avoiding further decline and increased risk of extinction.

If the Secretary does not make the required findings for these species or contact us to develop a timeline for making these findings within the next sixty days, we intend to file suit. Please contact me if you have any questions or if you would like to discuss this matter.

Sincerely,

A handwritten signature in black ink that reads "David Greenwald". The signature is written in a cursive style with a large, sweeping flourish at the end.

D. Noah Greenwald
Endangered Species Program Director
Center for Biological Diversity
