**BOLD: states with the most contests**

This list was researched and prepared by Elisabeth Dicharry, RN, MS, based on information available to the public. During the survey period, two nationwide contests took place with documented participation in New Mexico in at least one of those contests. The actual number of contests may be greater than the number of contests recorded in the list. For counting purposes, the contests sponsored by Gila Outdoors were counted as contests occurring both in Arizona and in New Mexico. This was done because the promoter actively solicited participation in both states. Using the above methodology, 126 contests were found in the US for the period August 2013 through July 2014.
