

THE RUBY MOUNTAINS ARE NEVADA'S CROWN JEWEL.

People from around Nevada and across the United States are united in telling the Forest Service:

**DON'T OPEN THE RUBIES
FOR OIL DRILLING AND FRACKING.**

- Home to Nevada's largest mule deer herd
- Lahontan cutthroat trout recovery waters
- Rocky Mountain bighorn sheep and sage grouse core habitat
- Western Shoshone spiritual and cultural sites
- Outstanding hiking and recreation
