Thank you Sir, Dan and I did do a little pushing but had it not been for the hard work done by many others, i.e., DPW, USFWS, City, and County folks, this would have not gone as well as it did. They are truly the muscle behind getting this done so quickly. It is a testament to the great "community" partnership we enjoy.

Thanks again and have great weekend.

V/R

Tom and Dan

Just wanted to say well done on the water deal.  
You guys have done an amazing job posturing the post IRT acre feet credit  
that will carry us well into the next decade.  
Tremendous support for the team here at Huachuca.  
...and I can say it is clearly one of those area too many take for  
granted...and it's nothing but hard work.  
Thanks again.  
VR, Bob
